

4GB RAM

## SPECIFICATION

# iOTA | SLIM

### Make incredible things happen

The iOTA SLIM is a stylish notebook that helps you to stay productive and power through all of your daily tasks.

The elegant, full metal casing contains a fast Intel dual-core processor, that delivers an outstanding performance. The iOTA SLIM also comes equipped with a full high definition display, so whether it be viewing images, browsing web pages, watching movies, enjoying video calls with family and friends, or video conferencing with colleagues; all are brought to life with breathtaking clarity. The display also contains IPS technology, which allows the display to be viewed clearly from a variety of wide viewing angles without the image quality being affected.

### Sophisticated brilliance

The iOTA SLIM also comes packed with all of the latest amazing Windows 10 features and a large, intuitive precision touchpad, so you can point, pinch, zoom and scroll, easily navigating between multimedia, games, web browsing and your favourite productivity tools.

The iOTA SLIM has been designed to be about much more than striking good looks, it has been designed to help you get things done quickly, easily and enjoyably.
